

REMARKS

Applicant believes that the foregoing amendments are fully responsive to the Notice mailed July 22, 2008. More specifically, Applicant has amended the specification to reference the amino acid sequences disclosed in the specification (*via SEQ ID NOS.*) to the corresponding sequence in the Sequence Listing. However, Applicant notes that the amino acid sequences shown in Fig. 1(b), Fig. 2(a), Fig. 2(b), Fig. 3(a), Fig. 3(b) and Fig. 4(a) were not referenced since the disclosed sequences have fewer than four specifically defined amino acids and are thereby excluded from the sequence rules. No new matter has been added with these amendments.

The Sequence Listing in paper and computer readable form and related statement (i.e. *"paper and computer readable form are the same"*) were submitted with the filing papers on July 8, 2003 (*see highlighted portions of the attached Image File Wrapper and Transaction History below*). The paper copies of the Sequence Listing (*with and without pages numbers 23 and 24*) were submitted with the statement and not with the specification. Thus, the Sequence Listing was scanned separately from the specification by the USPTO (*please review the scanned Specification and Sequence Listing of the electronic file wrapper highlight in the attached Image File Wrapper and Transaction History*).

The Sequence Listing submissions (*paper and computer readable form and statement*) have been deemed by the USPTO's Office of Initial Patent Examination to comply with the requirements of 37 C.F.R. §§ 1.821-1.825 (*see highlight portions of the attached Transaction History below*). Thus, contrary to the statements in the Notice, no additional submissions of the Sequence Listing in paper and computer readable form as well as the related statement are necessary. If the Examiner has any questions regarding the Sequence Listing submissions, the Examiner is invited to telephone the undersigned at the number listed below. In addition, if the Examiner has any suggestions for placing this application in even better form, the Examiner is also invited to telephone the undersigned at the number listed below.

Applicant believes no fee is due with this response. However, if a fee is due, please
